The Mini MOKE is back! It was *the* classy car to have in the Seychelles in the 1960 and 1970ies. Unfortunately, lately there were only a handful left - but these few have been turning heads.

After redesigning and reengineering, the Moke is back in the Seychelles, and it's better than ever. From the outside, this trendy car almost looks like the old one, but there have been many improvements for the NEW MOKE. It's ready for the challenges of 2016 and beyond.

Normally you'll drive it roofless, but there is also a sunshade roof and flaps for rain protection. An absolutely cool car for your Seychelles holidays!
